

OPERATIONS COMMITTEE

Tuesday, September 14, 2021

An electronic meeting of the Operations Committee was held on Tuesday, September 14, 2021 at 9:30 a.m.

Present were: Chair Tom Peckett
 Warden Debbie Robinson
 Vice-Chair David Bennett
 Councillor Brian Hunt
 Councillor Sheldon Keller
 Councillor Daniel Lynch

Regrets: Councillor Janice Tiedje

Staff Present: Paul Moreau, Chief Administrative Officer/Clerk
 Lee Perkins, Director of Public Works and Engineering
 Jeffrey Foss, Director of Corporate Services
 Richard Bolduc, Manager of Operations
 Taylor Hanrath, Acting Manager of Infrastructure
 Rosalyn Gruntz, Deputy Clerk
 Evelyn VanStarkenburger, Administrative Assistant

Chair Peckett called the meeting to order at 9:30 a.m. The roll was called, and no pecuniary interests were disclosed.

The Chair recited the land acknowledgement, identifying that the meeting was being held on the traditional territory of the Algonquin People.

RESOLUTION NO. OP-C-21-09-112

Moved by Councillor Bennett

Seconded by Councillor Keller

THAT the minutes of the August 10, 2021 meeting be approved. CARRIED.

Public Works and Engineering

Mr. Perkins overviewed the Public Works and Engineering Department Report which is attached as Appendix A.

Warden Robinson entered the meeting at 9:36 a.m.

Discussion occurred with regards to the opportunity for local municipalities to utilize the services of the Public Works and Engineering Department. Committee was advised that there is a model available that is being used in the Corporate Services Department for the Human Resources Division and that the County has a User Fee By-law which suggests hourly rates for different types of employees. Municipalities would need to submit a proposal that outlines the services required to the County and any proposed Service Level Agreements would require the approval from County Council.

RESOLUTION NO. OP-C-21-09-113

Moved by Warden Robinson

Seconded by Councillor Lynch

THAT the Operations Committee recommend that County Council approve the changes to the Speed Limit By-law as requested by the Township of Bonnechere Valley; AND FURTHER THAT a By-law to authorize speed limits on County Roads be passed; AND FURTHER THAT this change to the By-law be repealed upon completion of the road work on this portion of County Road 512 (Foymount Road). CARRIED.

RESOLUTION NO. OP-C-21-09-114

Moved by Councillor Keller

Seconded by Councillor Bennett

THAT the Operations Committee recommend that County Council pass a By-law to adopt Policy PW-16 – Renaming of County Roads. MOTION WITHDRAWN.

RESOLUTION NO. OP-C-21-09-115

Moved by Warden Robinson

Seconded by Councillor Lynch

THAT the Operations Committee table the recommendation to pass a By-law to adopt Policy PW-16 – Renaming of County Roads until the next meeting for staff to revise the policy to include a process for the County of Renfrew for renaming County Roads. CARRIED.

Infrastructure Division

Mr. Hanrath overviewed the Infrastructure Division Report, which is part of the Public Works and Engineering Department Report.

Discussion occurred with regards to the updated 10-year Asset Management Plan. It was noted that proposed updates will have a budget increase of approximately \$6 million over the next three years and will create budget pressures that County Council will need to consider at the budget workshop in January.

Discussion occurred on whether County Road 508 (Calabogie Road) from Mill Street to County Road 34 (Norton Road) which is slated to be completed over a two-year period could be completed in one year. Staff advised they will review to see if this would be cost effective and whether this would fit into the Asset Management Plan and report back to Committee.

RESOLUTION NO. OP-C-21-09-116

Moved by Councillor Hunt

Seconded by Councillor Lynch

THAT the Operations Committee approve the recommended updates to the 10 Year Capital Asset Management Plans for Roads, Bridges, and Culverts. CARRIED.

RESOLUTION NO. OP-C-21-09-117

Moved by Councillor Keller

Seconded by Councillor Hunt

THAT the Operations Committee recommend that County Council pass a By-Law to acquire Part 1 on Plan 49R-19818 from Andrea Burde in the amount of \$1,500; AND FURTHER THAT Part 1 on Plan 49R-19818 be dedicated as part of the public highway upon registration of the transfer documents. CARRIED.

RESOLUTION NO. OP-C-21-09-118

Moved by Councillor Lynch

Seconded by Councillor Hunt

THAT the Operations Committee recommend that County Council pass a By-Law to acquire Parts 1, 2, 4, 5, 6, 7 and 8 on Plan 49R-19721 from Michael Murack, Anthony Murack, Catherine Bloskie and the estate of Peter Murack for the amount of \$3,108.50; AND FURTHER THAT Parts 1, 2, 4, 5, 6, 7 and 8 on Plan 49R-19721 be dedicated as part of the public highway upon registration of the transfer documents. CARRIED.

RESOLUTION NO. OP-C-21-09-119

Moved by Councillor Keller

Seconded by Councillor Hunt

THAT the Operations Committee recommend that County Council pass a By-Law to acquire Part 3 on Plan 49R-19721 from Catherine and Michael Bloskie for the amount of \$500; AND FURTHER THAT Part 3 on Plan 49R-19721 be dedicated as part of the public highway upon registration of the transfer documents. CARRIED.

RESOLUTION NO. OP-C-21-09-120

Moved by Chair Peckett

Seconded by Councillor Lynch

THAT the Operations Committee recommend that County Council pass three separate By-Laws designating the following locations as Pedestrian Crossings: a) County Road 8 (Main Street) at Crawford Street; b) County Road 12 (Westmeath Road) at Grace Street; and c) County Road 21 (Beachburg Road) at Cameron Street. CARRIED.

Operations Division

Mr. Bolduc overviewed the Operations Division Report, which is part of the Public Works and Engineering Department Report.

RESOLUTION NO. OP-C-21-09-121

Moved by Councillor Hunt

Seconded by Warden Robinson

THAT the Public Works and Engineering Department Report attached as Appendix A be approved. CARRIED.

New Business**Development Charges Policy**

Mr. Perkins advised that staff will bring forward a recommendation for a cost-sharing Development Charges Policy in October.

RESOLUTION NO. OP-C-21-09-122

Moved by Councillor Bennett

Seconded by Warden Robinson

THAT this meeting adjourn and the next regular meeting be held on October 12, 2021. Time: 10:37 a.m. CARRIED.

COUNTY OF RENFREW

PUBLIC WORKS AND ENGINEERING DEPARTMENT REPORT

TO: Operations Committee

FROM: Lee Perkins, C.E.T., MBA, Director of Public Works and Engineering

DATE: September 14, 2021

SUBJECT: Department Report

INFORMATION

1. Township of Admaston/Bromley Public Works Assistance

The Township of Admaston/Bromley has been without a Roads Supervisor for the past two months due to a serious injury to Mr. Chris Kunopaski. As well, the position of Clerk/Treasurer is vacant with the resignation of Allison Vereyken effective September 10, 2021. In keeping with the County of Renfrew User Fee By-law, the County has entered into a Service Level Agreement that will allow the Director of Public Works and Engineering to assist for approximately eight weeks. Mr. Perkins has agreed to be available to the Township on a part-time basis (approximately two days a week). The Service Level Agreement will allow for the recover of time and expenses.

2. Treasurer's Report [Strategic Plan Goal No. 3]

Attached as Appendix I is a copy of the June 2021 Treasurer's Report for the Public Works and Engineering Department.

3. Monthly Project Status Report [Strategic Plan Goal No. 3]

Attached as Appendix II is the Monthly Project Status Report. Additional project specific information is provided in the Divisional reports.

4. **Capital Program Variance Report [Strategic Plan Goal No. 3]**

Attached as Appendix III is the Capital Program Variance Report. As requested at the August meeting an additional column has been added which provides the costs that will be carried over to 2022.

BY-LAWS

5. **Speed Limit By-law [Strategic Plan Goal No. 1]**

Recommendation: THAT the Operations Committee recommend that County Council approve the changes to the Speed Limit By-law as requested by the Township of Bonnechere Valley; AND FURTHER THAT a By-law to Authorize Speed limits on County Roads be passed; AND FURTHER THAT this change to the By-law be repealed upon completion of the road work on this portion of County Road 512 (Foymount Road).

Background

Attached as Appendix IV is a letter received from the Township of Bonnechere Valley, signed by Mayor Jennifer Murphy that outlines some safety concerns along County Road 512 (Foymount Road) which have been reviewed by the Township of Bonnechere Valley Committee of the Whole.

The letter requests that the County of Renfrew consider a reduction in the posted speed limit of Foymount Road between civic address 3467 Foymount Road and Miller Road from the current 80km/hr to 60km/hr. The total distance of the proposed speed limit reduction zone is approximately seven kilometres in length. It is anticipated that the subject section of road will be reconstructed over the next two years with a design speed of 80km/hr. As construction is completed it is the intent of this Department that the road would revert to an 80km/hr posted speed limit again.

In reviewing the information, staff is in favour of a temporary reduction of the posted speed limit for the subject area from 80km/hr to 60km/hr until such time as the road has been reconstructed.

6. **Policy PW-16 – Renaming of County Roads [Strategic Plan Goal No. 1]**

Recommendation: THAT the Operations Committee recommend that County Council pass a By-law to adopt Policy PW-16 – Renaming of County Roads.

Background

As Committee will recall, the Policy PW-16 – Renaming of County Roads was tabled at the August 10, 2021 meeting of Operations Committee to enable staff to complete further study and bring back to a future meeting. Attached as Appendix V is a revised draft Policy PW-16 - Renaming of County Roads. This policy closely follows the procedure that was followed during the 9-1-1 system addressing, with the inclusion of the first step being a resolution from the local Municipality requesting renaming of the road.

7. Infrastructure Division

Attached as Appendix VI is the Infrastructure Division Report, prepared by Mr. Taylor Hanrath, Acting Manager of Infrastructure, providing an update on activities.

8. Operations Division

Attached as Appendix VII is the Operations Division Report, prepared by Mr. Richard Bolduc, Manager of Operations, providing an update on activities.

COUNTY OF RENFREW

BY-LAW NUMBER

A BY-LAW TO AUTHORIZE SPEED LIMITS

WHEREAS Subsection (2) of Section 128 of the Highway Traffic Act, R.S.O. 1990, Chapter H.8, as amended, authorizes the Council of a Municipality by By-law, to prescribe a rate of speed of 40, 50, 60, 70, 80, 90 or 100 kilometres per hour, for motor vehicles driven on a highway or portion of highway under its jurisdiction;

AND WHEREAS it is deemed expedient that the speed limit for motor vehicles on certain highways in the County of Renfrew be decreased, increased or both.

NOW THEREFORE the Council of the Corporation of the County of Renfrew enacts as follows:

1. Notwithstanding any other by-law to the contrary, when the roads as set out on the attached schedule, are marked in compliance with the regulations under the Highway Traffic Act, the maximum rate of speed thereon shall be as outlined in Schedule 'A' attached hereto.
2. The maximum rate of speed for all roads other than those outlined in Schedule 'A', shall be 80 km/h.
3. That the reduced rate of speed in the school safety zones designated in Schedule 'A', be in effect at the times therein specified and on the days during which school is regularly held.
4. That the penalties provided in Subsection (14) of Section 128 of the Highway Traffic Act, shall apply to offences against this By-law.
5. That this by-law shall have full force and effect from the date the portion of Highway is marked out in accordance with the regulations under the Highway Traffic Act.
6. That By-law 28-20 is hereby repealed.

READ a first time this 29th day of September, 2021.

READ a second time this 29th day of September, 2021.

READ a third time and finally passed this 29th day of September, 2021.

County of Renfrew Operations Committee

Attention: Mr. Lee Perkins, Director of Public Works & Engineering

RE: Request for Speed Limit Change on County Road 512

On August 10, 2021 the Township of Bonnechere Valley Committee of the Whole reviewed the delayed reconstruction on portions of County Road 512.

The state of County Road 512 from the intersection of Miller Road to Civic number 3467 is unsafe and Council is concerned that it may result in a severe accident due to its poor condition.

The current speed limit on County Road 512 is 80 km/hr. This speed is reasonable on the newly reconstructed portions of the Road however where the road intersects with Miller Road to Civic number 3467 the roads condition is greatly deteriorated and the speed limit of 80km/hr increases the risk of injury to all users of the road.

This letter is to ask the County to please consider a speed limit reduction to 60km/hr for the portion of 512 from Miller Road to Civic number 3467. Your quick attention to this request would be greatly appreciated.

Thank you for your consideration, and we look forward to receiving a response from you.

Sincerely,

Jennifer Murphy

Jennifer Murphy, Mayor, Township of Bonnechere Valley

c.c. Paul Moreau, CAO, County of Renfrew

COUNTY OF RENFREW

BY-LAW NUMBER

**A BY-LAW TO ESTABLISH POLICY PW-16 – RENAMING OF COUNTY ROADS FOR
THE MUNICIPAL ROAD SYSTEM WITHIN THE JURISDICTION OF THE
CORPORATION OF THE COUNTY OF RENFREW**

WHEREAS authority is given to the County of Renfrew, hereinafter referred to as the Corporation, being a municipality authorized by Section 11(3) of the Municipal Act 2001, as amended to pass by-laws regarding highways under the jurisdiction of the Corporation;

AND WHEREAS the Corporation desires to implement a policy regarding the Renaming of County Roads within the jurisdiction of the Corporation.

NOW THEREFORE the Council of the Corporation of the County of Renfrew hereby enacts as follows:

1. That Public Works and Engineering Department Policy PW-16 Renaming of County Roads, as outlined in Schedule “A” attached to and made part of this By-law, shall form part of the Public Works and Engineering Department Policies and Procedures of the Corporation of the County of Renfrew.
2. That this By-law shall not be interpreted to contradict or violate any statute or regulation of the Province of Ontario.
3. That this By-law shall come into force and take effect immediately upon the passing thereof.

READ a first time this 29th day of September, 2021.

READ a second time this 29th day of September, 2021.

READ a third time and finally passed this 29th day of September, 2021.

DEBBIE ROBINSON, WARDEN

PAUL V. MOREAU, CLERK

Corporate Policies & Procedures			
SECTION: Operations		AUTHOR: Director of Public Works and Engineering	POLICY #: PW-16
POLICY: Renaming of County Roads			APPROVED:
DATE: Sept 2021	REV. DATE:	COVERAGE: Public Works and Engineering Department	PAGE #: Page 1 of 2

POLICY STATEMENT

Appendix V

The County of Renfrew as a road authority, has a need to ensure that any road naming on a County Road is consistent with the Department's primary objective of providing and maintaining a safe road system.

BACKGROUND

The County of Renfrew, as the road authority having jurisdiction over County Roads, may make and enforce by-laws and policies pertaining to the renaming for roads.

1. The Municipal Act, 2001, as amended, in Section 11 permits a municipality to pass by-laws pertaining to the public assets of the Municipality for the purpose of exercising its authority under the Act, and to pass by-laws pertaining to highways.

DEFINITIONS

For the purposes of this policy the following definitions shall apply:

"Highway" has the same meaning as provided in the Municipal Act, 2001, Section 1 and pertains only to those highways that fall under the control and jurisdiction of the County of Renfrew.

"Road Allowance" means the land occupied by the highway.

PROCEDURES

1. Proposed road name changes shall be forwarded, by Resolution from the lower tier municipality where the County road is located, to the County of Renfrew's Public Works and Engineering Department, detailing the background and potential changes to the assigned civic addresses.

Corporate Policies & Procedures			
SECTION: Operations		AUTHOR: Director of Public Works and Engineering	POLICY #: PW-16
POLICY: Renaming of County Roads			APPROVED:
DATE: Sept 2021	REV. DATE:	COVERAGE: Public Works and Engineering Department	PAGE #: Page 2 of 2

2. It is absolutely essential that there be no duplication of civic addresses throughout the County of Renfrew to maintain the integrity of the 9-1-1 system. To avoid road name duplication, all proposed new road names are forwarded to the County of Renfrew, Public Works and Engineering Department to be checked against the County Road Name Registry.
3. Proposed changes and supporting documentation are brought to Operations Committee for further discussion with a recommendation to County Council.
4. Once approved by County Council, an "Effective Date" will be established that will provide enough time for municipal, County and emergency service staff to implement the required database and mapping revisions. This date would coincide with the installation of property identification number (PIN) signs and intersection signs.
5. County staff will forward by fax/e-mail and mail a copy of the complete By-law to the lower tier municipality along with any Intersection or PIN Sign orders that are necessary as a result of the changes. The County of Renfrew Sign Shop will give top priority to all signs that are required for address changes.

APPROVALS

The installation of new Road Signage on County Roads shall be approved by the Operations Committee of County Council and authorized by the passing of a By-law by County Council.

INFRASTRUCTURE DIVISION REPORT

Prepared By: Taylor Hanrath, Acting Manager of Infrastructure

Prepared for: Operations Committee

September 14, 2021

INFORMATION

1. Project Updates [Strategic Plan Goal No. 2]

a) C058 (Constant Creek Culverts) Replacement

Replacement of Constant Creek Culverts is anticipated to be completed September 10, 2021. The design for this project was completed internally by Infrastructure Coordinator, Brett Kidd, with Engineering review and stamping by WSP Canada. Construction for the project has been undertaken by the County's Day Labour forces, under the guidance of Construction Supervisor, Daryl Cybulski. The replacement of this structure presented a number of challenges due to the size of the culverts required, the amount of water to be by-passed around the construction area, and the level of groundwater surrounding the excavation. Attached as Appendix IN-I for reference are photos of the constructions progression, with the precast concrete box sections now installed.

b) C099 (Colton Creek Bridge) Replacement

Replacement of Colton Creek Bridge is anticipated to be completed October 1, 2021. The design and contract administration for this project has been undertaken by HP Engineering Incorporated. Construction for the project is being completed by Goldie Mohr Limited.

c) C201 (Broomes Creek Culvert) Dam MCEA

Rehabilitation of Broomes Creek Culvert and reconstruction of a dam directly downstream was budgeted for 2021. However, input from stakeholders has significantly delayed the completion of the Municipal Class Environmental Assessment (MCEA). The Department of Fisheries and Oceans (DFO) in particular has caused significant delays as the Consultant has continually been in contact but is still awaiting input and approval of the MCEA from DFO. Detailed design cannot proceed until

the MCEA project file has been approved by all stakeholder agencies and issued for public consultation.

d) C252 (Vanderploegs Culvert) Rehabilitation

Rehabilitation of Vanderploegs Culvert is anticipated to commence September 20, 2021. The Design and Contract Administration for the project has been undertaken by J.L. Richards & Associates. The construction contract for this project has been awarded to Dalcon Constructors Ltd.

e) B002 (Bonnechere River Bridge) Rehabilitation

The rehabilitation of Bonnechere River Bridge was originally anticipated to commence August 16, 2021; however, the original concrete mix design for the concrete deck did not pass shrinkage requirements on the test slab. The Contractor, Clearwater Structures, and the Design and Contract Administration Consultant, Stantec Consulting, are working together to adjust the mix design to meet the needs of the new deck top. Public Works staff will continue to monitor the schedule for this project and may recommend the delay of construction to 2022 in order to avoid ill effects of cold weather on the pouring of the concrete deck.

f) B057 (Mount St. Patrick Bridge) Design

The design and MCEA for the replacement or rehabilitation of Mount St. Patrick Bridge has been awarded to HP Engineering Incorporated. The final design alternative for the structure is to be confirmed. At this time staff anticipate that superstructure replacement or replacement with precast concrete culvert may be the most effective solution, dependant on the strength of the existing abutments.

RESOLUTIONS

2. Asset Management Plan Updates [Strategic Plan Goal No. 2]

Recommendation: THAT the Operations Committee approve the recommended updates to the 10 Year Capital Asset Management Plans for Roads, Bridges, and Culverts.

Background

Attached as Appendix IN-II are the updated 10 Year Capital Asset Management Plans for Roads, Bridges, and Structural Culverts with recommended changes highlighted.

Four 2021 Capital Projects are projected to have carry-over budget. Reconstruction of Foymount Road has been scheduled over two phases, from B257 (Harrington Creek Bridge) to Buelow Road scheduled for 2022 (including replacement of B257) and from Buelow Road to Miller Road scheduled for 2023. Rehabilitation of B319 (Bucholtz Bridge) has been scheduled for 2022, with a budget increased to \$950,000 based on prices received for the 2021 project. C197 (Etmanskie Swamp Culvert) has been scheduled for 2022 with a budget increased to \$1,100,000; this budget increase is based on the significantly greater scope of work associated with replacement over the originally anticipated rehabilitation. C201 (Broomes Creek Culvert) has been scheduled for 2023, with funds allocated in 2022 for design; this move two years out is primarily due to the long lead times already occurring through stakeholder review and the anticipated effect on detailed design.

In total, approximately \$3,041,300 is projected for carry-over into 2022 and has been utilized to boost the 2022 target budget. However, due to necessary budget increases for a number of the projects identified above, the carry-over budget does not sufficiently increase the budget targets over the next two years to accommodate these projects. As such, as seen in the appendices, we are projecting a budget request significantly over targets in 2022 and 2023 with a recommendation to approve in order to refrain from cascading effects through future years in the Asset Management Plan.

BY-LAWS

3. County Road 12 (Westmeath Road) Road Widening [Strategic Plan Goal No. 2]

Recommendation: THAT the Operations Committee recommend that County Council pass a By-Law to acquire Part 1 on Plan 49R-19818 from Andrea Burde in the amount of \$1,500; AND FURTHER THAT Part 1 on Plan 49R-19818 be dedicated as part of the public highway upon registration of the transfer documents.

Background

In the spring of this year an application for consent was submitted by the owner of the subject property along County Road 12 (Westmeath Road) within part of Lot 20, Concession 6, in the geographic Township of Westmeath in the Township of Whitewater Region. During the review it was determined that a portion of land was required for the future road widening and maintenance of Westmeath Road in accordance with Corporate Policy No. PW-12 – Right of Way Protection.

The property to be transferred to the County is identified as Part 1 on Plan 49R-19818. The total area of the land to be transferred is 0.497 acres. A review of recent property transactions was completed, and fair market value has been determined to be \$1,500. A copy of a map showing the applicants' lands and a copy of Plan 49R-19818 are attached as Appendix IN-III and Appendix IN-IV respectively.

4. County Road 66 (Wilno South Road) Road Widening – Murack [Strategic Plan Goal No. 2]

Recommendation: THAT the Operations Committee recommend that County Council pass a By-Law to acquire Parts 1, 2, 4, 5, 6, 7 and 8 on Plan 49R-19721 from Michael Murack, Anthony Murack, Catherine Bloskie and the estate of Peter Murack for the amount of \$3,108.50; AND FURTHER THAT Parts 1, 2, 4, 5, 6, 7 and 8 on Plan 49R-19721 be dedicated as part of the public highway upon registration of the transfer documents.

Background

In the summer of 2020 an application for consent was submitted by the owners of the subject property along County Road 66 (Wilno South Road) within part of Lot 1, Concession 3 and 4 in the geographic Township of Sherwood in the Township of Madawaska Valley. During the review it was determined that a portion of land was required for the future road widening and maintenance of Wilno South Road in accordance with Corporate Policy No. PW-12 – Right of Way Protection.

The property to be transferred to the County is identified as Parts 1, 2, 4, 5, 6, 7 and 8 on Plan 49R-19721. The total area of the land to be transferred is 2.098 acres. A certified land appraisal has been completed by Rivington Commercial Appraisers and fair market value has been determined to be

\$3,108.50. A copy of a map showing the applicants' lands and a copy of Plan 49R-19721 are attached as Appendix IN-V and Appendix IN-VI respectively.

5. **County Road 66 (Wilno South Road) Road Widening – Bloskie [Strategic Plan Goal No. 2]**

Recommendation: THAT the Operations Committee recommend that a By-Law be passed to acquire Part 3 on Plan 49R-19721 from Catherine and Michael Bloskie for the amount of \$500; AND FURTHER THAT Part 3 on Plan 49R-19721 be dedicated as part of the public highway upon registration of the transfer documents.

Background

As a part of the review of the same application described above, a portion of property required for road widening was found to not be a part of the estate or therefore the consent application. However, it is owned by a relative to the applicants and an effort was made to secure the required road widening at the same time. The property is described as part of Lot 1, Concession 4, in the geographic Township of Sherwood in the Township of Madawaska Valley, more particularly as Part 3 on Plan 49R-19721. The owners are in favour of transferring the property to the County. At an area of 0.07 acres, the land value has been determined to be the minimum in accordance with Corporate Policy PW-12 – Right of Way Protection which is \$500.

A copy of a map showing the applicants' lands and a copy of Plan 49R-19721 are attached as Appendix IN-V and Appendix IN-VI respectively.

6. **Installation of Pedestrian Crossings**

Recommendation: THAT the Operations Committee recommend County Council pass three separate By-Laws designating the following locations as Pedestrian Crossings:

- a) County Road 8 (Main Street) at Crawford Street;
- b) County Road 12 (Westmeath Road) at Grace Street; and
- c) County Road 21 (Beachburg Road) at Cameron Street.

Background

The County of Renfrew has received a request from the Township of

Whitewater Region to permit the installation of Pedestrian Crossings on three County Roads within the Township. The locations being considered are County Road 8 (Main Street) at Crawford Street, County Road 12 (Westmeath Road) at Grace Street and County Road 21 (Beachburg Road) at Cameron Street.

Each of the locations would promote and enhance the safe movement of children walking to school as well as providing a safe crossing for all pedestrians within these communities. A copy of Township Resolution No. 2019-3919 is attached as Appendix IN-VII.

In accordance with Corporate Policy No. PW-14 – Pedestrian Crossings on County Roads, a Level 2 Type C Pedestrian Crossing would be appropriate for these locations. An excerpt from Ontario Traffic Manual Book 15 – Pedestrian Crossing Treatments, has been attached as Appendix IN-VIII to display the outline of the crossing.

In order to permit the installation, the County must first designate the subject locations as a Pedestrian Crossover by the passing of By-laws. As a condition of the County's Policy, the Township of Whitewater Region is required to and has agreed to accept responsibility for all costs associated with the initial construction of the crossings including pavement markings and signage. The Township will also be responsible for the future replacement of the Pedestrian Crossing equipment. The County will be responsible for the annual maintenance of the crossing and signage.

A copy of maps showing the requested crossing locations is attached as Appendix IN-IX.

COUNTY OF RENFREW
BY-LAW NUMBER
A BY-LAW TO ACQUIRE LAND
COUNTY ROAD 12 (WESTMEATH ROAD)

WHEREAS under Section 6(1) and Section 8 of the Municipal Act, S.O. 2001, c.25, as amended, a municipality may pass by-laws to acquire land;

AND WHEREAS under Section 5(3) of the Act, the County of Renfrew's capacity, rights, powers and privileges must be exercised by By-law;

AND WHEREAS under Section 31(6) of the Act, if a municipality acquires land for the purpose of widening a highway, the land acquired forms part of the highway to the extent of the designated widening;

AND WHEREAS the County Operations Committee has reviewed and approved the transfer of the land described, for the purpose of road reconstruction.

NOW THEREFORE the Council of the Municipal Corporation of the County of Renfrew hereby enacts as follows:

1. That the Corporation of the County of Renfrew acquire the lands located in Part of Lot 20, Concession 6 in the geographic Township of Westmeath in the Township of Whitewater Region, described as Part 1 on Plan 49R-19818 from Andrea Burde for the sum of One Thousand Five Hundred Dollars (\$1,500).
2. That the lands are hereby dedicated as part of the highway namely County Road 12 (Westmeath Road) immediately upon registration of the transfer documents.
3. That this By-law shall come into force and take effect upon the passing thereof.

READ a first time this 29th day of September, 2021.

READ a second time this 29th day of September, 2021.

READ a third time and finally passed this 29th day of September, 2021.

BY-LAW NUMBER

**A BY-LAW TO DESIGNATE A PORTION OF
COUNTY ROAD 8 (MAIN STREET) AS A PEDESTRIAN CROSSOVER**

WHEREAS the Highway Traffic Act defines a Pedestrian Crossover as “any portion of a roadway at an intersection or elsewhere distinctly indicated for pedestrian crossing by signs or by lines or other markings on the surface;

AND WHEREAS it is deemed expedient to designate certain portions of roadways as pedestrian crossovers;

AND WHEREAS the Township of Whitewater Region has requested the installation of a Pedestrian Crossover in accordance with the Highway Traffic Act and County of Renfrew Corporate Policy No. PW-14 – Pedestrian Crossings on County Roads as may be amended periodically;

NOW THEREFORE the Council of the Corporation of the County of Renfrew hereby enacts as follows:

1. That the portion of Main Street (County Road 8) at Crawford Street be designated as a Pedestrian Crossover.
2. That this By-law shall come into force and take effect upon the completion of the construction of the Pedestrian Crossover facility, including all required signage and line painting.

PAUL V. MOREAU, CLERK

COUNTY OF RENFREW

BY-LAW NUMBER

**A BY-LAW TO DESIGNATE A PORTION OF
COUNTY ROAD 12 (WESTMEATH ROAD) AS A PEDESTRIAN CROSSOVER**

WHEREAS the Highway Traffic Act defines a Pedestrian Crossover as “any portion of a roadway at an intersection or elsewhere distinctly indicated for pedestrian crossing by signs or by lines or other markings on the surface;

AND WHEREAS it is deemed expedient to designate certain portions of roadways as pedestrian crossovers;

AND WHEREAS the Township of Whitewater Region has requested the installation of a Pedestrian Crossover in accordance with the Highway Traffic Act and County of Renfrew Corporate Policy No. PW-14 (Pedestrian Crossings on County Roads) as may be amended periodically;

NOW THEREFORE the Council of the Corporation of the County of Renfrew hereby enacts as follows:

1. That the portion of Westmeath Road (County Road 12) at Grace Street be designated as a Pedestrian Crossover.
2. That this By-law shall come into force and take effect upon the completion of the construction of the Pedestrian Crossover facility, including all required signage and line painting.

County of Renfrew
9 International Drive
Pembroke, ON
K8A 6W5

Attention: Mr. Lee Perkins, Director of Public Works & Engineering

Re: Pedestrian Crossings

Dear Sir,

In accordance with County of Renfrew Policy # PW-14, the Township of Whitewater Region respectfully requests Pedestrian Crossings be installed at the following locations:

- (1) Intersection of Cameron Street and Beachburg Road (County Road 21)
- (2) Intersection of Cowley Street and Main Street (County Road 8)
- (3) Intersection of Grace Street and Westmeath Road (County Road 12).

The locations will not only support pedestrian movement but improved safe crossing for the following local elementary schools as well:

- Beachburg Public School, 20 Cameron Street, Beachburg, ON KOJ 1C0
- Cobden District Public School, 16 Cowley Street, Cobden, ON KOJ 1K0
- Our Lady of Grace Catholic School, 52 Grace Street, Westmeath, ON KOJ 2L0

In accordance with the County of Renfrew's policy, a certified true copy of the resolution passed by Whitewater Council is attached.

If there are any further questions or concerns regarding this matter, please do not hesitate to contact the undersigned at (613) 646-2282.

Respectfully,

Janet Collins, Director of Public Works

Re: Resolution - Pedestrian Crossing Request

Dear County Council,

At its meeting of January 16, 2019, the Council of the Township of
Whitewater Region adopted the following resolution:

Moved by Councillor Neil Nicholson, seconded by Councillor Dave
Mackay

**That Council of the Township of Whitewater Region request
the County of Renfrew consider the installation of
Pedestrian Crossings at the following locations:**

- a. Intersection of Cameron Street and Beachburg Road
(County Road 21)**
- b. Intersection of Crawford Street and Main Street (County
Road 8), and**
- c. Intersection of Grace Street and Westmeath Road
(County Road 12).**

OPERATIONS DIVISION REPORT

Prepared by: Richard Bolduc, A.Sc.T., Manager of Operations

Prepared for: Operations Committee

September 14, 2021

INFORMATION

1. Roadside Mowing [Strategic Plan Goal No. 3]

The roadside mowing program is well underway with most roadways having been cut once. Additional roadside mowing is continuing at those locations where there is a greater need to improve visibility.

2. Winter Operations – Winter Sand [Strategic Plan Goal No.3]

The supply, delivery and stockpiling of winter sand at the various patrol locations is anticipated to be completed by October 1, 2021.

3. Quotations and Tenders [Strategic Plan Goal No. 3]

A summary of tenders and quotations received in the month of August 2021 that have been awarded under the authority of the Director of Public Works and Engineering or the Chief Administrative Officer is attached as Appendix OP-I. In all cases the procurements have followed the processes set out in Corporate Policy GA-01 Procurement of Goods and Services.

4. Disposal of Surplus Items [Strategic Plan Goal No. 3]

At the time of the writing of this report, the Operations Division prepared a list of disposals for the current inventory of surplus assets. The list is circulating thorough local municipalities within the County of Renfrew prior to proceeding to public auction.

5. Shouldering Program

The shouldering program is progressing well with works in all participating patrols anticipated to be completed by October 1, 2021.

6. Small Culvert Program

The small culvert inventory and inspection program is progressing well with staff performing this work. It is anticipated that the updates for 2021 will be completed by the end of October.
