THAT the Administration Department Report attached as Appendix A be approved. CARRIED.

Corporate Services Department Report

Mr. Foss overviewed the Corporate Services Department Report which is attached as Appendix B.

Mr. Foss advised that Ms. Cindy Runnalls-Ziebarth, Accounting Technician, Finance Division, who after 31 years of service will retire. We wish Cindy all the best in her retirement. Committee congratulated Ms. Runnalls-Ziebarth on her upcoming retirement.

Mr. Foss advised Committee that at the April and June Committee and Council meetings, staff discussed the WSIB Actuarial Report and advised that staff would continue to monitor the number of cases managed in 2022 and our monthly expenses. Staff noted that the current 9% payroll burden factor is not enough to meet the new WSIB target of \$9,249,316, and that the actual burden factor should have been 11.8% in 2022 to satisfy the actuarial target. Staff are developing the 2023 budget utilizing a 15% payroll burden factor to ensure that the Ministry of Health will share in 50% of the higher costs. There is no value in spending \$4,000 for an actuarial review at this time.

Mr. Foss overviewed the Service Awards and Retiree list for 2022 and Committee thanked staff for their years of service and congratulated all the retirees. Committee noted the importance and value of continuing with an event to recognize staff and retirees for all their hard work and dedication to the County of Renfrew and they would like to see this continue.

Mr. Foss overviewed the Benefits Renewal of Services and the associated By-laws to be signed by Mr. Craig Kelley, Clerk under delegated authority.

4. Provincial Offences Administration – Municipal Court Manager's Association (MCMA) Conference Update [Strategic Plan Goal #3]

Ms. Ashley Wilton, POA Manager attended the Municipal Court Managers' Association Annual Conference that was held in Blue Mountain, Ontario from

September 27 to September 29, 2022. The following items were overviewed as part of this Conference:

a) Modernization of POA Technology and Courts Digital Transformation

The Ministry of the Attorney General (MAG) provided an update on the current status of replacing the aging Integrated Court Offence Network (ICON) system. This system has been identified as a priority to be replaced for many years, by both the provincial users and their municipal partners. They have identified a list of functions they would like the new program to include, and hope to have the project begin soon. It is expected to be a multi-year endeavour. MAG representatives from the POA Unit indicated that they have been in a caretaker role leading up to the provincial elections and now plan to resume/begin a number of priority projects that have been on hold. In 2022, a Courts Digital Transformation Branch was established.

The Administrative Information Management System (AIMS) is a project spearheaded by the City of Toronto as an alternative to ICON. Toronto received capital funding and began the project in 2021. They opened up a working group to other municipalities and currently have seven active stakeholders and many observers (the County of Renfrew is an observer). The City of Toronto recognized the over 30-year-old ICON system as outdated and inefficient and they began a working group to identify program requirements, develop a roadmap, and business case. As phase one wraps up, the working group will have a comprehensive business plan to be presented to Ontario Court of Justice, Ministry of Attorney General, and City Officials. These approvals must be received before a Request for Proposal (RFP) release and vendor selection. As the project progresses, and if approvals are reached, observers may opt in as an active stakeholder.

MCMA members shared technological advances they have been using in-house to increase efficiencies. The new hybrid court method, which resulted from the pandemic, has opened opportunities to rethink how courts function and how Courts Administration may communicate with defendants and stakeholders. By updating technologies and moving to technology-based scheduling and notifications, there has been a reduction in duplicating efforts by court staff, and access to justice has been simplified for defendants. Common struggles include: sound and video issues during court proceedings, equipping courtrooms to support technology changes, and staff training. Currently Zoom is the only MAG approved platform for hosting hybrid court.

b) Justice of the Peace Recruitment Process – Update from the Justice of the Peace Appointments Advisory Committee (JPAAC)

A pre-recorded message from the Chair, Michael Ras, of the Justice of the Peace Advisory Committee was viewed by the conference attendees. Mr. Ras, gave an overview of who the panel was comprised of, how the process worked, applicant requirements, and the current recruitment status in Ontario.

2021 and 2022 have seen an increased number of vacancies for a variety of reasons including failure by the 2019 committee to fill all positions, along with increased and early retirements.

COVID closures also delayed newer appointees in completing all of their training requirements to be ready for the bench. In many court areas, as experienced here in the County of Renfrew, there is a shortage of judicial availability and widespread court closures. The backlog in all courts remain significant due to these shortages, as well as the pandemic closures.

JPAAC is currently wrapping up the 2022 recruitment process and hope to fill 45 vacancies across the province. In early 2023, it is anticipated that the Chief Justice will seek approval from the Attorney General to begin further recruitment in 2023. It will be approximately a 10-month process before further appointments would be made. New appointees then complete approximately one year of training and mentoring before they begin presiding in Court.

c) MCMA Committee Updates

Within the Municipal Court Managers Association, there are a number of committees working diligently to ensure best practices and standardization are available to the Provincial Offences Courts throughout Ontario:

- i. The Education Committee is working towards a formal training manual or program for new Court Managers and Courtroom Staff. Over the past year they provided an online training session to assist in the Bill 177 reforms where Clerks of the Court began to complete some of the functions previously done by a Justice of the Peace (i.e. applications for extensions of time to pay and entering convictions or quashing offences on failure to respond dockets). Further reforms are expected by the end of 2022 and the Education Committee aims to provide further training and sharing of practices as that occurs.

- ii. The Technology Committee shared updates from their working group with MAG and discussed the advances they have made and their goals for 2023.
- iii. The Stats Committee recently requested municipalities to complete a survey to identify if they thought the current cost and fee structure was adequate, and what may be a fair fee for a variety of court related activities. Once completed they will approach the Ministry of Attorney General (MAG) to lobby for changes that would more adequately reflect the true costs incurred.
- iv. The Collections Committee has not been meeting regularly, but intend to reconvene in 2023 and will reach out with training initiatives.
- v. The Forms Committee noted it has been a busy couple of years with all of the changes required on Certificates of Offence prescribed by the Ministry of Attorney General, including Bill 177 Clerk of the Court Reforms and ongoing changes to appearance methods available to defendants.

5. 2023 Budget [Strategic Plan Goal #3]

Following the approval of the 2023 Budget Schedule at the September session of County Council, Corporate Services staff have now initiated the 2023 Budget process and are establishing meeting dates with each department throughout the months of October and November to develop their 2023 budgets. Each Committee will review the detailed budget in February prior to the Consolidated Budget Workshop.

6. 2022 Service Awards Recipients and Retirees

As a result of the COVID-19 Pandemic, the County of Renfrew has not been hosting our annual employee service awards recognition dinner but staff have still been recognized for their valuable service to the County of Renfrew. Earlier this year, a survey of staff was completed by over 200 individuals to determine if this event should continue and/or what our service awards should look like in the future. The County of Renfrew will continue to recognize staff, and this year we will be recognizing 73 service award recipients who have attained 10 to 40 years of service, as well as 27 retirees.

Attached as Appendix I is the 2022 list of Service Awards Recipients and Retirees.

7. Benefits Renewal of Services [Strategic Plan Goal #3]

The Municipal Benefits Committee (MBC) met with our benefits consultants, Cowan Insurance, on October 4, 2022 to conduct a review of the services and plans. The renewal period for these services is January 1, 2023 – December 31, 2023. The MBC voted to continue with Cowan Benefits Consulting services, as well as to continue with Manulife Financial for the provision of a benefits insurance program for the period of January 1, 2023 to December 31, 2023.

Annual Employee Benefits Plan Renewal

As a result of plan design management and the efforts of our benefits consultants, Cowan Insurance Group, our renewal rates have been negotiated for 2023 with an overall increase of 8.9% or an annual premium adjustment of \$259,937.50.

These contracts are awarded under the delegated authority to the Chief Administrative Officer/Clerk under By-law 74-22 being a By-Law to Delegate Authority for Decisions to the Chief Administrative Officer in the Event that Council finds itself, subject to Section 275 of the Municipal Act, 2001, as amended, regarding "restricted acts after nomination day".

Attached as Appendix II is the Presentation that includes the Executive Summary from Cowan Insurance Group which shows the 2023 Renewal Table.

Attached as Appendix III is the By-Law to Authorize the Clerk to Enter Into a Service Agreement Renewal with Cowan Benefits Consulting for a Benefits Program.

BY-LAWS

8. Employment By-law #1 [Strategic Plan Goal #3]

Recommendation: THAT the Finance and Administration Committee recommends that County Council approve the following changes to Employment By-law #1 effective October 1, 2022:

- a) Change to the Student Wage from \$14.10 to \$14.60 (for students under 18) and from \$15.00 to \$15.50 (for students 18 and over) as outlined in Schedule "A";

AND FURTHER THAT the revised Employment By-law # 1 be adopted.

Background

The Government of Ontario announced that starting October 1, 2022, the general minimum wage would increase as Ontario continues to work for its workers. This eight percent increase over one year will help workers keep up with rising costs and inflation. A summary of the proposed changes to Employment By-law #1 are as follows:

a) Student Wages

On October 1, 2022, the Ontario minimum wage increased, therefore the County of Renfrew student wages are established as follows:

- Students over the age of 18 are paid at the Province of Ontario general minimum wage, equalling \$15.50.
- Students under the age of 18 are paid at 94% of the general minimum wage, equalling \$14.60.

Attached as Appendix V is Employment By-law #1 in bold and strikeout.
