

OPERATIONS COMMITTEE

Tuesday, August 15, 2023

A meeting of the Operations Committee was held on Tuesday, August 15, 2023, at 1:00 p.m., at the County of Renfrew Administration Office, 9 International Drive, Pembroke, Ontario.

Present were: Chair Glenn Doncaster
Warden Peter Emon
Councillor Daniel Lynch
Councillor Mark MacKenzie
Councillor Keith Watt

Regrets: Vice-Chair David Bennett
Councillor Mark Willmer

Staff Present: Craig Kelley, Chief Administrative Officer/Clerk
Lee Perkins, Director of Public Works and Engineering
Richard Bolduc, Manager of Operations
Taylor Hanrath, Manager of Capital Works
Rosalyn Gruntz, Deputy Clerk
Tina Peplinskie, Media Relations and Social Media Coordinator
Evelyn VanStarkenburger, Administrative Assistant

Chair Doncaster called the meeting to order at 1:00 p.m. The land acknowledgement identifying that the meeting was being held on the traditional territory of the Algonquin People was recited. The roll was called, and no pecuniary interests were disclosed.

RESOLUTION NO. OP-C-23-08-96

Moved by Councillor MacKenzie

Seconded by Councillor Watt

THAT the minutes of the June 13 and 28, 2023 meetings be approved. CARRIED.

Public Works and Engineering

Mr. Perkins overviewed the Public Works and Engineering Department Report, which is attached as Appendix A.

Committee congratulated Mr. Perkins on his appointment to the Canadian Public Works Association (CPWA) Board of Directors. It was noted that representation by staff and the elected in various organizations such as CPWA, the Association of Municipalities Ontario,

Federation of Canadian Municipalities and the Eastern Ontario Wardens' Caucus is beneficial for the County of Renfrew.

RESOLUTION NO. OP-C-23-08-97

Moved by Councillor Lynch

Seconded by Councillor Watt

THAT the Operations Committee recommends that staff undertake the study for road rationalization based on the County of Renfrew Corporate Policies PW-01 – Roadway Classification and Design and PW-19 – Road Rationalization for the assumption of Letts Cemetery Road from the township boundary to Highway 41, Township of North Algona Wilberforce. CARRIED.

RESOLUTION NO. OP-C-23-08-98

Moved by Warden Emon

Seconded by Councillor Lynch

THAT the Operations Committee recommends that County Council approve the cost of the Fire Radio Dispatch System be split equally in the amount of \$21,184.84, taxes included, amongst the following 17 participating user agencies: the Towns of Deep River, Laurentian Hills, Petawawa, and Renfrew; the Townships of Admaston/Bromley, Bonnechere Valley, Brudenell, Lyndoch and Raglan, Greater Madawaska, Horton, Killaloe, Hagarty and Richards, Laurentian Valley, Madawaska Valley, McNab/Braeside, North Algona Wilberforce, and Whitewater Region; the City of Pembroke, and the Algonquins of Pikwakanagan First Nation. CARRIED.

Capital Works Division

Mr. Hanrath overviewed the Capital Works Division Report, which is part of the Public Works and Engineering Department Report.

RESOLUTION NO. OP-C-23-08-99

Moved by Councillor Watt

Seconded by Councillor MacKenzie

THAT the Operations Committee approves execution of Contract PWC-2023-36 for Engineering Services for the rehabilitation of County Structure B181 (Peter Black Bridge), Township of Laurentian Valley, in the amount of \$104,940 plus applicable taxes, as submitted by WSP Canada Incorporated, Ottawa, Ontario; AND FURTHER THAT a Professional Services Agreement be executed for the assignment. CARRIED.

RESOLUTION NO. OP-C-23-08-100

Moved by Warden Emon

Seconded by Councillor Lynch

THAT the Operations Committee recommends to County Council that a By-law be adopted authorizing a contribution of \$210,244.11 to the Township of McNab/Braeside for the County of Renfrew's portion of road works to be completed over County Structure C137 (Hanson Creek Culverts). CARRIED.

Operations Division

Mr. Bolduc overviewed the Operations Division Report, which is part of the Public Works and Engineering Department Report.

RESOLUTION NO. OP-C-23-08-101

Moved by Councillor Lynch

Seconded by Councillor MacKenzie

THAT the Operations Committee recommends to County Council that Contract PWO-2023-08 as submitted by Triangle Pump Service Limited, Gloucester, Ontario for a Fuel Inventory Management System in the amount of \$194,969 plus applicable taxes be approved; AND FURTHER THAT a By-law be adopted to Authorize Execution of the Contract. CARRIED.

RESOLUTION NO. OP-C-23-08-102

Moved by Warden Emon

Seconded by Councillor MacKenzie

THAT the Public Works and Engineering Department Report, which is attached as Appendix A be approved. CARRIED.

New Business**Hardened Shoulders**

Warden Emon advised that he had an opportunity to drive County Road 508 (Calabogie Road) and was pleased to see sections of the road where the shoulders have been widened as part of the hardened shoulders program.

October Meeting

Chair Doncaster advised that a resolution to host the Operations and Development and Property Committees on October 10, 2023 in Deep River was being presented to Deep River Council on August 16, 2023.

September Meeting

Chair Doncaster advised that he will be joining the September meeting virtually and will be requesting Vice-Chair Bennett to Chair the meeting.

RESOLUTION NO. OP-C-23-08-103

Moved by Councillor MacKenzie

Seconded by Councillor Watt

THAT this meeting adjourn and the next regular meeting be held on September 12, 2023. Time: 1:40 p.m. CARRIED.

COUNTY OF RENFREW**PUBLIC WORKS AND ENGINEERING DEPARTMENT REPORT**

TO: Operations Committee

FROM: Lee Perkins, C.E.T., MBA, Director of Public Works and Engineering

DATE: August 15, 2023

SUBJECT: Department Report

INFORMATION**1. Treasurer's Report**

Attached as Appendix I is a copy of the June 2023 Treasurer's Report for the Public Works and Engineering Department.

2. Monthly Project Status Report

Attached as Appendix II is the Monthly Project Status Report. Additional project specific information is provided in the Divisional reports.

3. Capital Program Variance Report

Attached as Appendix III is the Capital Program Variance Report.

4. Appointment to Canadian Public Works Association Board of Directors

Attached as Appendix IV is a letter from American Public Works Association (APWA) President, Gary Losier, P.Eng appointing Lee Perkins, Director of Public Works and Engineering to a two-year term; as President-Elect for 2023-2024 and President for 2024-2025 of the Canadian Public Works Association (CPWA) Board of Directors. The purpose of the CPWA Board of Directors is to serve as the "voice of public works in Canada" by focusing on public policy at the federal government level. Also attached as Appendix V is a letter from the President of APWA thanking the County of Renfrew for its support of the Director of Public Works and Engineering for his involvement with the APWA/CPWA.

The APWA and its subsidiary CPWA serve professionals in all aspects of public works—a fact that sets it apart from other organizations and makes it an effective voice of public works throughout North America. With a worldwide membership of more than 30,000 strong, APWA/CPWA includes not only personnel from local, county, state/province,

and federal agencies, but also private sector personnel who supply products and services to those professionals.

As a comprehensive public works resource, APWA/CPWA continues in its rich tradition of making a difference both on an individual and professional level. APWA/CPWA is a not-for-profit organization that prides itself on its ability to provide varied educational and networking opportunities that help public works personnel grow in their professionalism and improve the quality of life in the communities they serve.

5. **Courtesy Crosswalk – County Road 512 (Queen Street), Killaloe**

Attached as Appendix VI is a petition from residents and road users of County Road 512 (Queen Street) within the community of Killaloe. Staff are working diligently with the Township of Killaloe, Hagarty and Richards staff and elected to provide options for the issues described. The initiator of the petition, Lynn Davis, has been advised that pedestrian crossings are the responsibility of the municipal partner as per Corporate [Policy PW-14 – Pedestrian Crossings and Hiking Trail Crossings on County Roads](#), and that Courtesy Crosswalks do not meet the minimum standard for the County of Renfrew. The use of removable speed bumps is not recommended on a County Road as they serve as arterials and collectors with heavy traffic present, specifically logging vehicles.

6. **Firefighters Green Flashing Light Awareness Signage**

Attached as Appendix VII is a resolution received from the Township of Killaloe, Hagarty and Richards requesting the County of Renfrew approve the installation of “Firefighters Green Flashing Light Awareness” signage on County Road 512 (Foymount Road) from Rochefort Road to Highway 60; on County Road 67 (Simpson Pit Road) from Highway 60 to County Road 58 (Round Lake Road) at St. Casimir’s Church; and on County Road 58 (Round Lake Road) from Highway 60 to Foy Park Corridor. Staff will review with Township staff the associated costs and have signage installed as soon as possible.

7. **Community Safety Zones**

Attached as Appendix VIII is a resolution received from the Township of Killaloe, Hagarty and Richards requesting the County of Renfrew to consider the implementation of “Community Safety Zones” on County Road 512 (Foymount Road) from Rochefort Road to Highway 60; on County Road 67 (Simpson Pit Road) from Highway 60 to County Road 58 (Round Lake Road) at St. Casimir’s Church; and on County Road 58 (Round Lake Road) from Highway 60 to Foy Park Corridor. Staff will review this request and provide a recommendation at a future date.

8. **Hardening of Shoulders – County Road 58 (Round Lake Road)**

Attached as Appendix IX is a letter from the Round Lake Property Owners' Association thanking the County of Renfrew Operations Committee for approving the hardening of road shoulders along County Road 58 (Round Lake Road) from Deer Trail Road to Bonnechere River Bridge.

9. **Association of Municipalities of Ontario (AMO) Annual Conference Delegation**

At the May 31, 2023 session of County Council, a resolution was adopted which approved delegation requests at the August 20 to 23, 2023 Association of Municipalities of Ontario (AMO) Annual Conference in London, Ontario for items that had significance to Committees' Strategic focus.

Staff received confirmation that a delegation was approved with **Parliamentary Assistant Amarjot Sandu, Ministry of Infrastructure – Tuesday, August 22** to address funding opportunities for County Road 51 (Petawawa Boulevard). **Attendees:** Warden Peter Emon; Chair of Operations Committee Glenn Doncaster; Director of Public Works and Engineering Lee Perkins and Chief Administrative Officer/Clerk Craig Kelley.

RESOLUTIONS

10. **Letts Cemetery Road Assumption – Township of North Algona Wilberforce**

Recommendation: THAT the Operations Committee recommends that staff undertake the study for road rationalization based on the County of Renfrew Corporate Policies PW-01 – Roadway Classification and Design and PW-19 – Road Rationalization for the assumption of Letts Cemetery Road from the township boundary to Highway 41, Township of North Algona Wilberforce.

Background

Attached as Appendix X is a resolution from the Township of North Algona Wilberforce requesting that the County of Renfrew assume responsibility for Letts Cemetery Road from the township boundary to Highway 41.

11. **Fire Radio System**

Recommendation: THAT the Operations Committee recommends that County Council approve the cost of the Fire Radio Dispatch System be split equally in the amount of \$21,184.84, taxes included, amongst the following 17 participating user agencies: the Towns of Deep River, Laurentian Hills, Petawawa, and Renfrew; the Townships of Admaston/Bromley, Bonnechere Valley, Brudenell, Lyndoch and Raglan, Greater Madawaska, Horton, Killaloe, Hagarty and Richards, Laurentian Valley, Madawaska Valley, McNab/Braeside, North Algona Wilberforce, and Whitewater Region; the City of Pembroke, and the Algonquins of Pikwakanagan First Nation.

Background

County Council in May adopted the following resolution to proceed with the purchase of the Fire Radio Dispatch System:

“RESOLUTION NO. OP-CC-23-05-59

THAT the Operations Committee recommends that County Council approve a new console and radio system be purchased from BearCom in the amount of \$318,710 plus applicable taxes; AND FURTHER THAT a cost-sharing agreement be entered into between the following 17 user agencies: Towns of Deep River, Laurentian Hills, Petawawa, Renfrew, the Townships of Admaston/Bromley, Bonnechere Valley, Brudenell, Lyndoch and Raglan, Greater Madawaska, Horton, Killaloe, Hagarty and Richards, Laurentian Valley, Madawaska Valley, McNab/Braeside, North Algona Wilberforce, Whitewater Region, the City of Pembroke, and the Algonquins of Pikwakanagan First Nation; AND FURTHER THAT the system be placed in the County of Renfrew Asset Management Plan.”

Attached as Appendix XI is a copy of the various cost share opportunities.

- **Option 1** – Population based costing
- **Option 2** – Call based costing
- **Option 3** – Equal cost share
- **Option 4** – Weighted value assessment share

Given the principle that a fire call is of equivalent importance to each of the 17 user agencies, an equal share model would appear to be most appropriate. Options for repayment will and have been discussed with multiple partner agencies and payments are planned to begin in 2024.

12. Capital Works Division

Attached as Appendix XII is the Infrastructure Division Report, prepared by Mr. Taylor Hanrath, Manager of Infrastructure, providing an update on activities.

13. Operations Division

Attached as Appendix XIII is the Operations Division Report, prepared by Mr. Richard Bolduc, Manager of Operations, providing an update on activities.

Lee Perkins
Pembroke, ON

Dear Lee:

As President-Elect, I am privileged to work closely with all the APWA leadership, including Board members, committee chairs and other national and chapter volunteers. We always focus on identifying engaged individuals who are willing to take on these roles in an energetic, effective and positive manner. It is important we have volunteers who can inspire innovative ideas and subject matter expertise. I believe you are one of those people and I hope you choose to accept this offer by serving on the CPWA Board of Directors. If you accept, your appointment is for a two-year term to begin August 27, 2023. This will be your first official term on the committee since your previous service was less than a year. Additionally, I would like to also appoint you as the President-Elect for 2023-2024, with your eventual service as President for 2024-2025.

APWA committees are critical in providing quality services for our members. The purpose of the CPWA Board of Directors is to serve as the “voice of public works in Canada” by focusing on public policy at the federal government level. You have been selected for this committee appointment because of your recognized expertise in the subject matter area(s) assigned to the CPWA Board of Directors.

The CPWA Board of Directors meets monthly by conference call and twice per year in person, once at PWX and once in the spring. While you must cover your own travel expenses for the meeting at PWX, APWA will reimburse travel for the Spring Meeting. It is important that you attend in-person meetings. Scott Grayson, with assistance from Teresa Hon, will serve as your staff liaison.

Please e-mail the enclosed acceptance form to APWA by July 17, 2023 indicating your willingness to serve. Staff can send a thank you letter to your employer for allowing you the time and opportunity to serve on this voluntary committee. If you would like this “thank you” correspondence forwarded to your employer, please indicate on the enclosed sheet with the name, address and email of the person to whom we should direct our correspondence.

On behalf of the APWA Board of Directors, I would like to thank you for your continued dedication and support of APWA. Your commitment to APWA demonstrates why we are all proud to be working in the Public Works field and why we choose to be associated with APWA.

July 26, 2023

Mr. Craig Kelley, CAO
County of Renfrew
Pembroke, ON

Dear Craig:

On behalf of the American Public Works Association (APWA) Board of Directors, I want to thank you for your support of Lee Perkins serving APWA through a volunteer leadership position as President-Elect of the Canadian Public Works Association for a one-year term of August 2023 through August 2024.

APWA committees are critical in providing quality services for our members. Through our volunteer leadership, APWA is able to fulfill its mission to “support those who operate, improve and maintain public works and infrastructure through advocacy, education and member engagement.” With the challenges we face in our communities and Nation, your support will provide invaluable resources for advancing quality of life for all. Having served on these national committees myself, I know that all communities ultimately benefit from the contributions of our volunteer leaders. Make sure you ask Lee to keep you updated on the CPWA Board work being done!

Thank you again for your support. If you have any questions, please contact APWA Staff Liaison, Scott Grayson, at (800) 848-APWA, ext. 5209 or sgrayson@apwa.org.

Warm regards,

W. Gary Losier, P Eng
APWA President 2023-2024

Re: Submission of Petition

Dear Mr. Perkins,

On behalf of more than 200 residents, business owners, and visitors to Killaloe, I am enclosing a Petition to Renfrew County Council requesting the installation of two varieties of traffic calming methods on County Rd. 512 through Killaloe (aka Queen St., Killaloe), in order to help ensure the safety of **both motorists and pedestrians**.

The issue of speeding traffic through the village is not a new one, but it is most definitely a growing one. No doubt much has already been accomplished due to the combined efforts of Mayor David Mayville, KHR council, and your department. We are aware that a radar speed tracking device was set up for a short time just outside the village on Hwy. 512 South, and that speed limits will be painted in various locations on the pavement along Queen St. We wish to thank both our municipal and county councils for this attentiveness to our needs. It still remains to be seen if these efforts will ensure slower driving speeds through the village.

As Petitioners, we feel that in order to further mitigate the dangers of speeding drivers through our village, more can and must be done, and at very little cost to the county and our municipality, as compared to the cost of someone being fatally injured or maimed in an accident that may have been preventable.

As described in the body of the Petition, **the main areas of concern are focused on the corner at Killaloe Freshmart (proceeding north on Hwy 512) where motorists may or may not be aware that they are entering the hub of Killaloe** where private businesses and residences, Station Park, the tourist information booth, Canada Post, CIBC, LCBO, churches and schools are located. As well, **pedestrians must invariably cross Queen St. in order to access Lake St.** where the pharmacy, a boarding house, a restaurant, the Community Resource Centre, funeral home, radio station, and senior's Friendship Club are located. Queen St. is quite wide at that location (Queen St. & Lake St.) and this presents a hazard for anyone, especially senior citizens and children, who attempt to cross there.

To date, no designated crosswalks have been installed on Queen St., and therefore pedestrians, by default, have to "jay walk" in order to navigate their way to businesses and residences.

Here, I would like to bring your attention to the fact that in terms of civil liability, the Highway Traffic Act imposes a reverse onus on a driver who injures a pedestrian on a public roadway. Section 193(1) of the Act outlines the reverse onus:

When loss or damage is sustained by any person by reason of a motor vehicle on a highway, the onus of proof that the loss or damage did not arise through the negligence or improper conduct of the owner, driver, lessee or operator of the motor vehicle is upon the owner, driver, lessee or operator of the motor vehicle.

Therefore, a driver is presumed negligent unless proven otherwise. This means that a driver must prove that they acted reasonably and properly in the circumstances. The rationale behind the reverse onus is to further ensure motorists act with extra caution around pedestrians and cyclists.

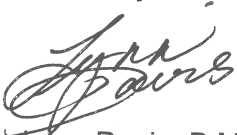

The situation as it now stands in Killaloe places both pedestrians and motorists at risk. This is inappropriate, it is dangerous, and needs to be addressed.

I have lived in Killaloe for 22 years and during this time have witnessed the growth of our village, new businesses emerge, the schools expand with new students, young families choosing to raise their children here, more senior citizens with their own needs. Hundreds, if not thousands of tourists and locals love coming to Killaloe's unique environment of farmers' markets, outdoor musical events in Station Park, the Canada Day celebrations, parades, and numerous other events and attractions we are proud to offer.

We all wish to feel safe and secure, wherever we reside and wherever we visit. Speeding vehicles on the main street of Killaloe do not help us in this respect, in any way. Neither does **not** having designated crosswalks. Installing a recyclable, removable rubber speed bump on Queen St. just before the Freshmart grocer would surely slow traffic down considerably as motorists heading north on Queen St. proceed around that corner and immediately find themselves face to face with pedestrians crossing Queen St. And installing at least two crosswalks on Queen St. would ensure that pedestrians have a safe, and legal, avenue to cross this main thoroughfare.

On behalf of the over 200 signatories on this Petition, I wish to thank you, Mr. Perkins, for your and your department's consideration of our Petition as well as the contents of this letter which, I feel, better explain our situation. I have included some information on removable speed bumps, available for purchase in Canada, for your perusal.

Sincerely,

Lynn Davis, B.Mus.

PETITION

TO The County of Renfrew, Ontario

WHEREAS the section of County Road 512 known as Queen St., Killaloe, is a heavily trafficked main route through the village. To date, there are no safety zones established along Queen St. to support safe crossing by pedestrians. School children, senior citizens, those with physical and/or mental disabilities, and tourists are especially at risk when attempting to navigate across Queen St. in the busy downtown section and in school areas.

WE the undersigned petition the County of Renfrew, Ontario as follows: -

To (1) install pedestrian courtesy crosswalks on Queen St., most appropriately between Station Park and the Tourist Information Booth, and nearer to school zones; (2) install a recycled rubber speed bump on Queen St. between the Freshmart and James St. in order to slow vehicles proceeding north through the village as they approach the very busy section between Grandma's Pantry and Engine House Coffee.

Dear Mr. Perkins and County of Renfrew Operations Committee,

On behalf of the Round Lake Property Owners' Association, I would like to thank the County of Renfrew Operations Committee, for approving the hardening of road shoulders on County Road 58 (Round Lake Road), on the section from Deer Trail Road to Bonnechere River Bridge.

With its completion, road shoulder hardening will make the area much safer for property owners and visiting tourists, to walk, run and cycle along County Road 58.

We look forward to the completion to Foy Park Corridor in 2026, and we are grateful for your support on this very important safety initiative.

Sincerely,

Rob Norris
President,
Round Lake Property Owners' Association

CAPITAL WORKS DIVISION REPORT

Prepared By: Taylor Hanrath, Manager of Capital Works

Prepared for: Operations Committee

August 15, 2023

INFORMATION

1. County Road 512 (Foymount Road) Construction Update

On July 13, 2023, County staff received an email from Bell Canada staff advising that delays in delivery of materials had delayed the relocation of Bell Utilities in the Phase 1 area of the County Road 512 (Foymount Road) reconstruction project. Bell identified a completion timeline of mid-September; however, at that time, road construction had been scheduled to commence on July 17. Following lengthy discussions with Bell Canada staff, as well as the Road Contractor, a new completion date of August 12 for Bell relocates along the Phase 1 section was established.

Bell completed all pole removals for the Phase 1 section by August 12 and Bonnechere Excavating Inc., the Road Contractor, commenced construction on Phase 1 on August 14. All utility relocates, for the entirety of the project, are currently anticipated to be completed by August 18.

RESOLUTIONS

2. Request for Proposal PWC-2023-36 – B181 (Peter Black Bridge)

Recommendation: THAT the Operations Committee approves execution of Contract PWC-2023-36 for Engineering Services for the rehabilitation of County Structure B181 (Peter Black Bridge), Township of Laurentian Valley, in the amount of \$104,940 plus applicable taxes, as submitted by WSP Canada Incorporated, Ottawa, Ontario; AND FURTHER THAT a Professional Services Agreement be executed for the assignment.

Background

County Structure B181 (Peter Black Bridge) is located on County Road 24 (White Water Road), approximately 1.5km east of Highway 41, Township of Laurentian Valley.

A Request for Proposal was issued for the rehabilitation of B181 (Peter Black Bridge). Proposals were received until 2:00 p.m., July 6, 2023 and the results of the submissions were as follows:

1. WSP Canada Inc., Ottawa, Ontario	\$104,940.00
2. J.L. Richards & Associates Ltd., Ottawa, Ontario	88,237.50
3. Stantec Consulting Ltd, Ottawa, Ontario	49,757.00
4. HP Engineering Inc., Ottawa, Ontario	31,232.40
All amounts exclude applicable taxes	

The proposals were evaluated on a range of criteria including understanding of the assignment, capabilities of the project team, previous experience on similar assignments, strategy, methodology, and innovativeness of design approach, schedule, and cost. The proposal submitted by WSP Canada Inc., Ottawa, Ontario was evaluated as the best combination of all factors considered. Though not the lowest cost proposal, WSP Canada Inc.'s proposal included much greater detail on the specific needs of the structure and demonstrated an understanding of the existing conditions, with a clear description of how they would affect rehabilitation. The lowest cost proposals lacked specific detailed considerations and appeared to lack the hours of work allocations to meet the anticipated scope of the design assignment.

Financial Implications

The 2023 Capital Budget allocation for design of County Structure B181 (Peter Black Bridge) is \$180,000. Staff confirm that there are sufficient funds in the 2023 Capital Budget to complete this project as proposed.

BY-LAWS

3. County Structure C137 (Hanson Creek Culverts)

Recommendation: THAT the Operations Committee recommends to County Council that a By-law be adopted authorizing a contribution of \$210,244.11 to the Township of McNab/Braeside for the County of Renfrew's portion of road works to be completed over County Structure C137 (Hanson Creek Culverts).

Background

County Structure C137 (Hanson Creek Culverts) is located on Robertson Line, approximately 2km west of County Road 2 (White Lake Road), Township of McNab/Braeside. As reported at past meetings, and during budget deliberations, during the design for the reconstruction project, the Township of McNab/Braeside approached the County of Renfrew to explore potential for raising the elevation of the roadway at the location of the structure due to very poor, dangerous, road grades on either side of the structure. As such, the County agreed to replace with a longer culvert to accommodate the grade raise; the Township of McNab/Braeside is responsible for other costs attributed with raising the road at this location.

In order to reduce costs with greater scale, and save repetition of works, County staff requested that the Township of McNab/Braeside include the County's portion of paving, shouldering, and installation of guiderail in the road reconstruction tender. The road reconstruction tender has now closed, and the County's portion of the works in the tender totals \$210,244.11. County staff have reviewed the costs and find them comparable with unit rates on County road projects.

County of Renfrew Day Labour Construction staff have completed the replacement of C137 (Hanson Creek Culverts) and backfilled back to the previous road elevation. The area is now ready for the Township of McNab/Braeside to commence their road

reconstruction project. Attached as Appendix CW-I is an email received from a resident of Robertson Line, complimenting the County's Day Labour staff, and Construction Supervisor Daryl Cybulski, on a job well done for the culvert replacement project.

Financial Implications

The 2023 Capital Budget includes \$600,000 for the replacement of C137 (Hanson Creek Culverts). At this time, it is projected that the County has incurred costs in the amount of approximately \$365,000 thus far; projected to be approximately \$575,244.11 with the contribution to the Township of McNab/Braeside road reconstruction project.

Staff confirm that there are projected to be sufficient funds in the project budget to complete the project in partnership with the Township of McNab/Braeside.

Date: August 4, 2023 10:41:24 AM

Good day Taylor,

A few months ago, Ryan Frew, from McNab/Braeside Township provided us with your name as a contact for the work that was about to be done on our road.

We're happy to report that we had no reason to have to contact you throughout the project, and this email is simply to express our thanks.

As your team wraps up their final work today, my husband and I thought we'd reach out to you to let you know how impressed we were with their work.

We live at 1194 Robertson Line (the property that was most affected by the project where we have lived since 2012).

We have to say that, even though we knew the desperate state of the road and the need to have something done about it was inevitable, amongst other concerns such as traffic flow and noise, we were most apprehensive about how the project was going to disrupt the flora and fauna, and change the look and feel of our creek and woodland trails.

From the first day when we met Dale's team until today, they have been extraordinary. Their attention to the top-notch safety measures put in place for their team, residents, and visitors to our road made us, and we're certain others, feel at ease. They were always very hardworking, professional, and at the same time, sensitive to how their work was impacting our community.

We just wanted to let you know that we are very thankful and we appreciate all of their efforts.

Hope you have a wonderful long weekend.

Michael Brouillette and Barbara Hiltz

COUNTY OF RENFREW

BY-LAW NUMBER

A BY-LAW AUTHORIZING THE COUNTY OF RENFREW TO ENTER INTO AN AGREEMENT WITH THE TOWNSHIP OF MCNAB/BRAESIDE FOR SHARING OF COSTS FOR THE RECONSTRUCTION OF ROBERTSON LINE AT COUNTY STRUCTURE C137 (HANSON CREEK CULVERTS)

WHEREAS under Section 11 of the Municipal Act, 2001, S.O. 2001, c.25, as amended, the Municipal Corporation of the County of Renfrew has the authority to pass by-laws to enter into contracts to construct and maintain County Roads and Bridges;

AND WHEREAS it is deemed desirable to enter into an agreement between the County of Renfrew and the Township of McNab/Braeside for the County of Renfrew contribution in the amount of \$210,244.11 for the purpose of undertaking a joint project for reconstruction of Robertson Line at County Structure C137 (Hanson Creek Culverts) on Robertson Line in the Township of McNab/Braeside.

NOW THEREFORE the Council of the Corporation of the County of Renfrew hereby enacts as follows:

1. THAT this By-law is hereby approved and deemed an agreement for the County of Renfrew contribution in the amount of \$210,244.11 for the purpose of undertaking a joint project for reconstruction of Robertson Line at County Structure C137 (Hanson Creek Culverts), approximately 2km west of County Road 2 (White Lake Road), Township of McNab/Braeside.
2. THAT the Warden and Clerk are hereby empowered to do and execute all things, papers, and documents necessary to the execution of this By-law.
3. THAT this By-law shall come into force and take effect upon the passing thereof.

READ a first time this 30th day of August 2023.

READ a second time this 30th day of August 2023.

READ a third time and finally passed this 30th day of August 2023.

OPERATIONS DIVISION REPORT

Prepared by: Richard Bolduc, A.Sc.T., Manager of Operations

Prepared for: Operations Committee

August 15, 2023

INFORMATION**1. Summer Operations****a) Roadside Mowing**

The roadside mowing program, which is completed by the Public Works Patrol staff, is well underway with most roadways having been cut once. Additional roadside mowing is continuing at those locations where there is a greater need to improve visibility.

b) Annual Pavement Marking Program

The Contractor, Trillium Pavement Marking, Carleton Place, Ontario, commenced work on May 15, 2023 and the maintenance line painting is anticipated to be complete by August 25, 2023. The Capital Works line painting is anticipated to continue until the end of the construction season. The contract consists of the painting of the longitudinal pavement markings (i.e., yellow centerlines and white edge lines) on County roads, as well as restoring the pavement marking for all capital projects.

c) Maintenance Hole and Catch Basin Cleaning

The Contractor, Clean Water Works Inc., Ottawa, Ontario, commenced work on June 12, 2023 and completed the work on July 13, 2023.

d) Noxious Weed Control

The noxious weed control works along County of Renfrew roadsides which commenced on July 12, 2023 by the Contractor, Wagar & Corput Weed Control Inc., Cornwall, Ontario, is now complete. Notices were published on the County of Renfrew website, in all local newspapers and all the local Municipalities were notified. Additional spraying may follow if required. Horton Township participated in the County's Weed Program and will be invoiced directly by the Contractor for their portion.

e) Weed Control Inspector

The office of the Weed Inspector has been fielding advisories from County residents concerning noxious weeds. The Weed Inspector has been working to resolve those resident's concerns as well as advise municipalities on proper weed spraying and cutting protocols for best results. The following inspections were requested and resolved accordingly.

Municipality	Inspected	Order to Destroy Issued	Voluntary Compliance
Admaston/Bromley (2)	x		x (2)

Municipality	Inspected	Order to Destroy Issued	Voluntary Compliance
Bonnechere Valley	x		x
Laurentian Valley (2)	x	x (1)	x (1)
Madawaska Valley	x		x
North Algona Wilberforce (2)	x	x (1)	x (1)

2. Annual Vehicle Safety Inspections

Work is continuing with the annual vehicle safety inspections within the fleet. The goal is to ensure that all heavy-duty trucks have been inspected and repaired as necessary in order to be available at the start of the coming winter season. In addition to the inspection and repair of those vehicles within the Public Works and Engineering Department, staff also performs routine maintenance, inspection, and repair of the paramedic vehicles.

3. PWO-2023-16 – Enclosed Cargo Trailer

A Request for Tender for an Enclosed Cargo Trailer was issued during the month of June 2023 and the results received are as follows:

- | | |
|--|----------|
| 1) Stittsville Trailer and Auto Sales Inc., Stittsville, Ontario | \$20,295 |
| 2) The Trailer Company, Smith Falls, Ontario | 21,530 |
| 3) Topline Trailer & Equipment Sales, Winchester, Ontario | Rejected |
| 4) Huckabone's Equipment, Cobden, Ontario | Rejected |
| 5) Trucks Plus, Pembroke, Ontario | Rejected |
- All amounts exclude applicable taxes

This tender was awarded to Stittsville Trailer and Auto Sales Inc., Stittsville, Ontario under the authority of the Director of Public Works and Engineering. Procurement for this tender followed the process set out in the Corporate Policy GA-01 Procurement of Goods and Services.

BY-LAWS

4. PWO-2023-08 – Fuel Inventory Management System

Recommendation: THAT the Operations Committee recommends to County Council that Contract PWO-2023-08 as submitted by Triangle Pump Service Limited, Gloucester, Ontario for a Fuel Inventory Management System in the amount of \$194,969 plus applicable taxes be approved; AND FURTHER THAT a By-law be adopted to Authorize Execution of the Contract.

Background

The proposed Fuel Inventory Management System electronically controls access, security, inventory and account administration. The current five Public Works Patrols have up to three fuel types (gasoline, diesel, and dyed diesel) that can be accessed by multiple County of Renfrew Department staff. The proposed system, with control of the

fuel types, will eliminate the possibility of cross fueling, unauthorized access and improved tracking and account management.

Tenders were requested for a Fuel Inventory Management System and the results received are as follows:

1. Triangle Pump Service Limited, Gloucester, Ontario	\$194,969.00
2. Comco Canada Ltd., Barrie, Ontario	\$203,700.98
3. 1999377 Ontario Limited o/a CTRL Petroleum, Lively, Ontario	\$255,066.68
4. Facility Management & Construction Div. of MI Petro (Central) Inc., Stouffville, Ontario	\$367,400.00
All amounts exclude applicable taxes	

Once the system is installed there is a monthly fee of \$229 for use of the software. This fee will commence one year after the system is commissioned. Future increases to this fee will be based on the Consumer Price Index (CPI) set in January for the previous year.

Financial Implications

The 2023 Capital Budget allocation for a Fuel Inventory Management System is \$125,000. Staff confirm that there are sufficient funds in the 2023 Operations Budget for the completion of this project as tendered.

COUNTY OF RENFREW

BY-LAW NUMBER

**A BY-LAW TO EXECUTE CONTRACT PWO-2023-08 FOR A FUEL INVENTORY MANAGEMENT
SYSTEM FOR THE COUNTY OF RENFREW PATROL YARDS**

WHEREAS Sections 8, 9 and 11 of the Municipal Act, 2001, S.O. 2001, c.25, as amended, authorizes Council to pass by-laws to enter into agreements for the purpose of renovations of County of Renfrew property;

AND WHEREAS the Fuel Inventory Management System is necessary for the management of fuel supply for the five County of Renfrew Patrol Yards (Calabogie, Cobden, Goshen, Southwest and White Water Road);

AND WHEREAS public tenders were requested for a Fuel Inventory Management System under Contract PWO-2023-08 in accordance with County of Renfrew Corporate Policy GA-01 Procurement of Goods and Services;

AND WHEREAS the tender submitted by Triangle Pump Service Limited, Gloucester, Ontario was reviewed and accepted by the Operations Committee.

NOW THEREFORE the Council of the Corporation of the County of Renfrew hereby enacts:

1. THAT the Council of the Corporation of the County of Renfrew approve of the awarding of Contract PWO-2023-08 for a Fuel Inventory Management System to Triangle Pump Service Limited, Gloucester, Ontario in the amount of \$194,969 plus applicable taxes.
2. THAT the Warden and Clerk be empowered to do and execute all things, papers and documents necessary to the execution of the said Contract.
3. THAT this By-law shall come into force and take effect upon the passing thereof.

READ a first time this 30th day of August 2023.

READ a second time this 30th day of August 2023.
